SAID TO BE BADLY WOUNDED

COMMANDER OF BEATEN FLEET AND ANOTHER ADMIRAL INJURED DURING BATTLE.

SUFFER ANOTHER DISASTER

RUSSIAN CRUISER BLOWN UP BY JAP MINE AT VLADIVOSTOK AND ALL ABOARD LOST.

Washington, May 31.—The Japanese legation has given out the following cablegram from Tokio, containing the fifth report from Admiral Togo, received on the afternoon of May 30:

"The main force of our combined fleet, upon accepting surrender of the remaining Russian main force near Liancourt rocks in the afternoon of May 28, as already reported, stopped pursuit and while engaged in the disposition of surrendered ships found in a southwestern direction the Admiral Ushakov, a coast defense ship. Thereupon Iwate and Yakumo were immediately dispatched in pursuit and invited her to surrender, but she refused and was sunk at 6 p.m. Her crew of over 300 men were rescued.

"Cruiser Dmitri Donskoi was also found in the northwestern direction at 5 p.m. and was immediately overtaken and fired vigorously by our Fourth division and Second destroyer flotilla.

"She was attacked that night by the Second destroyer flotilla and the next morning was found aground on the southeastern shore of Urleung island, off Korean coast. Our destroyer Sazanami captured toward the evening of May 27 in the south of Urleung island, the Russian destroyer Biedovy, wherein were found Admiral Rojestvensky and another admiral, both severely wounded, together with eighty Russians, including staff officers from the flagship Prince Souvaroff, which was sunk at 5:29 p.m. on May 27. They were all taken prisoners. Our cruiser Chitose, while cruising to the northward on the morning of May 28 found and sank another Russian destroyer. Our cruiser Niihata and destroyer Murakumo attacked also at noon on May 28 a Russian destroyer which finally went aground. According to various reports hitherto received and statements of prisoners the result of the battle from May 27 to May 29 is as follows:

Eleven Warships Sunk.

"Prince Souvaroff, Alexander III, Borodino, Dmitri Donskoi, Admiral Nakhimoff, Monomakh, Jemchug, Admiral Oushakov, one converted cruiser and two destroyers sunk.

"Nicholai I, Orel, Admirals Apraxine, Admiral Senkav and destroyer Biedovy, captured. According to the prisoners the Oslabia was sunk about 3 p.m. and the Navarin also was sunk.

"Almaz on May 27 was observed in a disabled and sinking condition, but her fate is yet unknown. The full particulars regarding the injury to our ships are not yet in hand, but so far as I can ascertain none were seriously injured, all being still engaged in operations. The whole casualties are not yet ascertained. Casualties of First division are little over 400.

"Loss of Oslabia, Navarin confirmed. Sissoi-Veiky also definitely reported to have sunk on the morning of May 28.

"Official statement of Russian losses so far as ascertained:

"Following six battleships sunk: Prince Souvaroff, Imperator Alexander III, Borodino, Oslabia, Sissoi-Veiky and Navarin.

"Following five cruisers sunk: Admiral Nakhimoff, Dmitri Donskoi, Vladimir Monomakh, Svetlana and Jemchug.

"Coast defense ship Admiral Oushakov sunk.

"Two special service ships, Kamchatka and three destroyers also sunk.

"Two battleships, Orel and Imperator Nicholai I, two coast defense ships, General Admiral Apraxine and Admiral Senkav, and one destroyer, Biedovy, captured.

"The Russians lost altogether twenty-two ships, the aggregate tonnage whereof amounting to 153,411 tons, besides cruiser Almaz, believed to have been sunk."

'It's an ill wind that blows nobody good'

The cold days of May were not conducive to the selling of summer goods. Consequently, many of these materials which we had bought expecting a warm May, still remain on our hands. It is not our plan to carry an old stock. We much prefer less than the value of the materials, in the hard cash right now at the beginning of the season than to risk carrying them over into another June, July and August, the time for summer fabrics, is before us; and these prices are timely to you.

We are making the list of offerings to cover many wanted materials and we believe that there will be but few ladies who will not find it economy to answer this advertisement. You will then receive the good of the "ill wind."

THIS SALE BEGINS JUNE 1ST AND WILL CONTINUE FOR TEN DAYS.
HOWEVER, let us suggest that you come at the earliest moment possible as these offerings are the season's best and they will soon be picked up:

\$9 98 will be the closing price of our cloth jacket suits. Some are silk lined—all are made of the best of popular cloths—none but what are the best spring and summer styles—not a one of them will sell for more than the price of the skirt alone and you have a jacket thrown in. This price is less than half price; of course much less than cost—but we prefer the privilege of showing you new garments each season. You'll appreciate the bargain when we tell you that some of them sold at \$25.00 and \$27.50 and all are new goods.

\$5 98 Here is another real snap—we have a line of ladies spring coats—light weight—in black only. They are well lined and at \$8.00 were most excellent values. That this sale may have bargains for all we add this line and make the price but \$5.98.

\$11 89 is our bargain price on some light covert coats. These coats are now almost indispensable. Few nights in the summer but what you can use them. At \$15.00 and \$16.50 they have been unquestionably good values. They are all silk lined—all sizes. Our sale price \$11.89.

21c for children's percale or gingham dresses—very neatly trimmed with braids, buttons and laces—color, blues, pinks and red—stripes and very neat figures—made for ages 2, 3 and 4—our sale price 21c.

A ribbon snap.

We have several hundred yards of No. 12—nearly 2 inches wide—all silk taffeta ribbons which will be offered during this sale—a good color assortment and every color is a good one. Every yard of the ribbon an excellent quality. 10c would be a very reasonable price. During this sale, the yard

5c

This is one bargain that will make it worth the while coming miles for. Splendid for hair ribbons or for trimmings.

Here are wash goods bargains.

The kinds that really save you money.

At 9 1/2c Splendid shirt waist suitings—they have that style about them that meets every demand of the popular vogue and are splendid copies of our 25c kinds—the colorings are good—the styles right—sold at 12 1/2c regularly but there are too many; hence the sale price of 9 1/2c.

At 12 1/2c This is a varied lot but every one is a good style—Not a piece in the lot but that sold at 15c and above—we have put our most popular selling lines in this lot—there are dotted Swiss muslins, some of Arnold's silk taffeta, neat shirt waist suitings and some splendid dotted Swiss in plain colors—our sale price will be 12 1/2c.

At 14 1/2c You will find great values in this lot—plain cotton crepe de Chine, neat checked shirt waist suitings, hand-some patterns and colorings in the large figured goods so popular today—not a piece in the lot but that is new and not a piece but that is good—these are worth up to 19c and sell during the sale at 14 1/2c.

At 19c This lot represents the largest amount and we believe the best values the sale will offer. Shirt waistings and shirt waist suitings in a very large assortment. Some have the finish of Mohair; others the best Voile finish the manufacturers know today—besides, there is a large lot of other pretty summer goods—not a yard worth less than 25c and some worth 29c—our sale price will be 19c.

At 29c for half wool challies—light or dark colored—very pretty satin stripes—coloring are all the best. At 35c these are unquestionably good values. Our sale price will be 29c.

Then there are some silk bargains

Every piece a new one and all are at bargain prices

At 62 1/2c All of our fancy shirt waist and suit silks selling at 75c and 85c the yard. There is a very pretty line of fancy silks in this lot and the colors are very good. Silk shirt waist suits are very popular and this price makes them within the reach of all

At 89c All \$1.00 and \$1.10 fancy silks whether 19 or 27 inches wide. These are silks of exceptional quality and will be appreciated by those who demand quality of a high order. The silk weather is before us and you have this exceptional price.

And here dress goods bargains

In shirt waist suitings and dress stuffs

At 47 1/2c Dress goods with a saving of 11 1/2c a yard. In this lot we place a large line of 36 and 38 inch fancy mohair dress goods and other pretty patterns which we sell regularly at 59c. Many are particularly adapted for shirt waist suits—our sale price 47 1/2c.

At 59c we offer a decided bargain. 52 inch wide mohair in fancy blue and black and plain black. Our prices have been 75c and 85c. It matters little what that was this is a clearance and the prices will be but 59c.

GROMOBOI BLOWN UP

RUSSIANS STUPEFIED

EIGHT HUNDRED MEN PERISH IN
SINKING OF RUSSIAN WAR-
SHIP BY JAP MINE.

EXTENT OF DISASTER SUFFERED
BY BALTIC FLEET STUNS
THE ADMIRALTY.

London, May 31.—The Tokio correspondent of the Daily Express reports that the cruiser Gromoboi of the Vladivostok squadron with nearly 800 men on board, issued from Vladivostok in the hope of joining the remnant of Rojestvensky's fleet and that it struck a Japanese mine and sunk with all hands.

The correspondent says it is believed that Vice Admiral Skryloff was on board the Gromoboi.

REACH VLADIVOSTOK

TWO RUSSIAN SHIPS REPORT DE-
STRUCTION OF TWO BIG JAP-
ANESE WARSHIPS.

Vladivostok, May 31.—The Russian protected cruiser Almaz and the torpedo boat destroyer Grosnoy have arrived here. The officers of these vessels report that in the naval battle two Japanese battleships were sunk and that two Japanese cruisers were dangerously listed with their heads down at the officers' last sight of the battle Saturday afternoon. A heavy fog then dropped and prevented their being able to see more of the result.

St. Petersburg, May 31.—The Russian admiralty is literally stupefied at the extent of the disaster suffered by Vice Admiral Rojestvensky's fleet, and its own advices paint the situation in even worse colors than the Tokio dispatches.

The Associated Press' Vladivostok dispatch accounts for only two ships of the great Russian fleet—the cruiser Almaz and the torpedo boat destroyer Grosnoy—and the absence of news about the battleship Navarin and the cruisers Oleg and Aurora, which are the only fighting ships of any value not enumerated in the Japanese lists of destroyed or captured, and which up to 4:30 o'clock Tuesday afternoon had not reached Vladivostok, renders almost idle any hope that they were able to shake off the pursuing Japanese torpedo boats participating in the collision with the Japanese on Saturday and made for Vladivostok at full speed.

The Almaz lost sight of the fleet on Saturday after the torpedo attacks, when the Prince Souvaroff, the Borodino and the Orel had gone to the bottom, while the Alexander III had been badly damaged.

Captain Chagin of the Almaz gives it as his opinion that the Prince Souvaroff was blown up by submarine boats. He gives the number of Japanese torpedo boats participating in the attack as 80.

Humiliating to Russians.

Tokio's account of the arrival of the Bulny at Vladivostok with Admiral Rojestvensky on board was due to an error.

naval authorities than the news of the defeat.

The opinion expressed here is that nothing can excuse the failure of the Russian commanders to sink their ships under their feet rather than to allow them to fall into the enemy's hands.

The question of inaugurating peace negotiations is not likely to be opened until full reports of the Russian disaster have been received. The war party continues its defiant attitude and declares that peace is impossible, while many Russians who heretofore have been in favor of peace, but who are now humiliated by the sting of the defeat of their navy, are giving their voice in favor of a continuation of the war. Nevertheless, the peace party insists on the absolute futility of prolonging the struggle.

Ever slow to reach a decision, it is improbable that the government will decide on the course it will pursue until after battle has been begun in Manchuria.

Press dispatches indicate that Field Marshal Oyama is already in motion and that a grand engagement is imminent.

The report sent Tuesday afternoon of the arrival of the Bulny at Vladivostok with Admiral Rojestvensky on board was due to an error.

MANY WORKMEN ENTOMBED.

Cave-in Occurs in Gunnison Tunnel in Colorado.

Montrose, Colo., May 31.—A cave-in occurred during the day in the Gunnison tunnel, one of the large irrigation projects of the United States government, entombing a number of workmen, variously estimated at from twenty to twenty-five. It is not likely that any of the men are dead unless they were caught and crushed to death by the falling earth, for the air pump pipes running into the tunnel have been working almost without interruption since the accident happened at 10 a.m. A shaft is being sunk directly over the spot where the men are buried and machinery is in place to remove the dirt and rock as fast as it can be dug or blown out. The shaft must penetrate sixty-five feet before the tunnel can be reached. The cave-in occurred beneath the bed of Cedar creek and was primarily due to the softened earth caused by seepage from the creek.

ACCORDING to the Wadena Tribune the Sebska Review and Menahga Messenger will suspend publication and the announcement of the wedding of the editor and publisher is made to take place June 6th. Does this mean that Editor Mattison has concluded that he cannot afford to run a newspaper and rear a family at the same time?

EXPERTS have figured out the visible coal supply and make the statement that there need be no alarm as it will take from 800 to 1,000 years to burn up what is in sight, and many hundreds of years before the last pound is consumed the present generation will have passed to a place where coal is not needed or where a lack of fuel will be appreciated.

THE Motley Mercury thinks it is useless to fight the city catalogue houses if the business men cannot be brought to the realization of the needs of advertising their goods and prices. It is advertising that has made the catalogue houses what they are and without it their country competitors cannot expect to hold the trade. People will go where bargains are offered.

REPORT comes from the upper country that Col. Ed. L. Davidson, editor of the Perham Bulletin, has lost \$500,000. This may come as a startling statement referring as it does to a country editor, but Bro. Davidson's loss is the same as was that of the man who did not have pork to sell when it went to a high price on the market. In '75 Davidson was offered a tract of land as a bonus to come to Fargo and start a paper and the piece of property has since sold for the above figure. Bro. Davidson is a prince of good fellows as it is, and as the Wadena Pioneer-Journal says "a million dollars might have spoiled him."

SPEAKING of the new time card that is expected to go into effect on Sunday on the Northern Pacific the Aitkin Age gives the following reasons why it will be a bad move for that town: Going to the cities will necessitate changing cars at both Brainerd and Little Falls with prospects of frequently delayed trains during the winter months, and returning will be the same. Our twin city and western mail now arriving at two will be delayed until four and will inconvenience everybody more or less. Passengers going to Duluth will arrive in that city pretty late for business or the theatres.

THE Age says Aitkin county can't avoid an iron boom. Don't try to avoid it, it's a good thing for any county that can make good and Crow Wing county is in that list.

THE Russian admiral sent word to his government that if he was successful in the naval engagement he would notify them but if defeated they would hear of it from Togo—and Togo told them.

THE Northern Pacific road rewards the two employees who thwarted the plans of the lone train robber in the holdup attempt on Sunday by giving each a check for a thousand dollars. Messenger Laub and Engineer Wilson would rather not repeat the experience, however, even for the same pay.

DEATH OF AN OLD TIMER

Ruben Gray Passed Away Last Night at the Advanced Age of Ninety-Six Years

LIVED HERE OVER THIRTY YEARS

He was in These Parts Before There was a Brainerd at All Funeral Tomorrow

Ruben Gray, 96 years of age, passed away last night at 6 o'clock at the home of his son, J. M. Gray, and the end came as peaceful as sleep, death following a slight indisposition of five or six days. The old gentleman was as "lively as a cricket", as he himself expressed it only a few days ago, but he had to finally give up to old age and he laid down to die.

Mr. Gray had been a resident of this county for nearly forty years, coming here long before there was any Brainerd at all. He lived for a long time at Gull River and moved to Brainerd in the early days and stayed here for about ten years. He afterward moved out to Gull Lake where he lived on a farm for years, coming back to Brainerd about three or four years ago to make his home with his son, Justin M. Gray.

He was very well known in this country in fact he was as well known as any man in the county. He was of the honest, wholesouled Yankee type and his eccentricities made him familiar to all. Mrs. Gray, his wife, died about three years ago and her remains were interred in Evergreen cemetery.

Mr. Gray was the father of 12 children eight of whom are still alive. Mr. Gray was born at Boston, Me., and moved west when young locating at Minneapolis where he spent most of his boyhood days.

The funeral services will be held tomorrow morning at 10 o'clock at the home of Mr. and Mrs. Gray in the Gray block on Fifth street.

HAPPY WOMEN

Plenty of Them in Brainerd, and Good Reason for it.

Wouldn't any woman be happy, After years of backache suffering; Days of misery, nights of unrest, The distress of urinary troubles, She finds relief and cure?

No reason why any Brainerd reader Should suffer in the face of evidence like this:

Mrs. J. H. Zellers, of 915 Main St., Brainerd, Minn., says: "I believe that after what Doan's Kidney Pills did for me they will do for anyone similarly troubled. Before using them I suffered for six months from my kidneys. There was a miserable feeling of pressure over those organs and the secretions were scanty. Besides this there was a heavy pain across the small of my back. A box of Doan's Kidney Pills were gotten at a drug store and I took them with the result that they acted like a charm. I can truthfully say that I have not had a symptom since."

On October 28, 1904, six years after giving the above statement Mrs. Zellers says: "I am just as glad to recommend Doan's Kidney Pills today as I was in 1898. I have not had a attack of kidney trouble since I used Doan's Kidney Pills, and must give them credit for a permanent cure."

DUMPED THREE TO THE MAROONS

St. Brains Lost Two Games Here and one at St. Cloud to the Winnipeggers.

Monday afternoon and yesterday's games between the St. Brains and the Maroons of Winnipeg were won by the Canadians, and the large number of fans in the two cities are looking for a real bargain day in base ball when they can get back at the Peggers and give them a fierce drubbing. It was up to the Twins to play good ball after making a Garrison finish at Winnipeg by winning two of the last games in one day, but bum ball playing marked the action of the play in the games here and the few faithful fans commenced to realize that it was considerable of a hippodrome and sighed for a chance to get into the game themselves and help pull the Twins, who seemed to have sore feet, out of the mire. There was not much of a chance for the fans to "butt in" here for the games were won before they hardly took their seats.

St. Cloud-Brainerd's lineup is weak in some respects and the sooner the management remedies the matter the sooner will the fans see good playing. The men are all sluggers and run the bases well, but such dizzy plays in the field were never witnessed on any diamond. It was one, two, three, bingo, and the whole bunch was set on the curb.

MONDAY'S GAME.

On Monday Davidson was in the box for the locals and he had something to go up against, as "Lefty" Sporer was in the box for Winnipeg. Davidson was there with the goods, however, and pitched a magnificent game, showing good headwork, but the locals started in early and kept at it late swelling the error column and any ordinary pitcher would have just simply laid down, but Davidson ploughed away, pitching winning ball until the last. Crossley, the new man tried at third, Ripley being switched behind the bat as Ronesh's finger was sore, made the first fumble in the second. He made a miserable pick-up of a slow grounder and then did not know what to do with it, but finally did try to whip it over to first but threw wild and Bradley, who got life on Gatewood's sacrifice, made the circuit for the second run of the inning, Johnson having scored on Gatewood's sacrifice. There was nothing doing for St. Brain in the first, second and third, but by timely hitting in the fourth the first score was made. Crossley was benched, Ripley went back to third and Ronesh took his place behind the bat, but it did not change things much. Four costly errors in the fifth netted as many runs, not one of the runs being earned. From then until the close of the game it was one, two, three errors in a row while Winnipeg played a steady, heady game and kept piling up the scores.

The score: St. Brains...0 0 0 2 0 0 0 0 2 0 0 4 7 5 Winnipeg...1 0 1 0 0 0 0 0 2 0 3 7 7 3 Batteries—Gilchrist and Ronesh; Green and Rogers.

scores, enough to make the ordinary thirty-second degree fan feel as though he would like to go and jump off a high bridge. Crossley relieved Kelley and held the Winnipeg bunch down pretty well, keeping his hits well scattered and mixing things occasionally. Whiteman for Winnipeg also got his bumps in the fourth and it looked as though St. Cloud would still pull out, but Whiteman was taken out of the box before much damage was done and with Maloney in the locals played hard to get what scores they did. The feature of the game was the work of Ronesh, the new St. Cloud-Brainerd catcher. In four times up he got four hits and stole two bases and with his arm working like a whip caught several runners in their tracks. The base running of Ripley and Murphy was also a feature. The game was called in the eighth to catch a train.

The score: Winnipeg...3 2 1 4 0 0 0 3 13 14 2 St. Brains...0 0 0 4 1 1 1 1 8 13 2 Batteries—Whiteman, Maloney and Trippie; Kelley, Crossley and Ronesh.

ST CLOUD GAME.

St. Cloud, Minn., May 31.—About seven hundred fans, male and female, saw Billy White's Twins lose a hard game at Athletic park yesterday afternoon. White is unfortunate. He secured a man to hold down the second sack and while M. Crossley held down the sack all right he did not hold onto anything else to any extent. His error in the eleventh inning resulted in a Maroon getting to first and that started the procession. Another man got to first and one Mr. Trippie, who, it is said, never hit a safe one before in his life, lined out a home run, sending the two men on bases in and winning the game. The Twins, with one or two exceptions, played an excellent game all the way through. The showing made by the home team surpassed the exhibition put up here for the opening games by a long distance. Gilchrist pitched a good game, but was touched up for seven hits as was Green, who is Winnipeg's star twirler. The Twins had the long end of the error column, however, Howell and Crossley getting two costly ones each and Ripley at third coming in for one.

Winnipeg made two more in the first of the ninth and the Twins were up and doing and secured two themselves in the last half. Neither side scored in the tenth and Winnipeg came to bat in the eleventh. The first man up went out on an easy one. The next man got a hit, another sacrificed and the next one managed to reach first on an error by Crossley at second. With one man out and two on bases Trippie, who is not a heavy sticker, came up and swatted the leather over against left field and cantered in, sending the two men on bases ahead of him and winning the game. The local fans did not give up hope, however, as St. Cloud-Brainerd still had a chance, but the boys could get no results and went down and out, losing the best game of ball that has been seen here in many a moon.

The score: St. Brains...0 0 0 2 0 0 0 0 2 0 0 4 7 5 Winnipeg...1 0 1 0 0 0 0 0 2 0 3 7 7 3 Batteries—Gilchrist and Ronesh; Green and Rogers.

DULUTH TAKES TWO.

In the games yesterday at Fargo, Duluth beat Fargo twice. The morning score was 6 to 3 and the afternoon 11 to 6.

CROOKSTON LOSES TWICE.

Crookston lost both games yesterday to Grand Forks, the morning game by a score of 3 to 2 and the afternoon game 13 to 3.

FARGO PLAYS TOMORROW.

The Fargo team will be here tomorrow and will play with the St. Brains on the local grounds. They will also play here the following day. The games will be at 6 o'clock.

GOLD DUST TEAM WINS.

The Brainerd Gold Dust team cleaned things up yesterday at Aitkin, winning from that team by a score of 5 to 0. Mattson, for Brainerd, was the star of the game. He allowed but one clean hit, the other hit credited to Aitkin being a scratch, and struck out fourteen men. Only one man saw third base. It was one of the best games ever seen at Aitkin. Roderick was behind the bat for Brainerd and Krelwitz, Spaulding and Lowell did the battery work for Aitkin.

IN LOVING REMEMBRANCE

Honor Paid the Soldier Dead Yesterday by Fitting Ceremonies at Evergreen

A LARGE NUMBER TURNED OUT

Some Excellent Addresses Heard and There was Good Music for the Occasion

Brainerd paid homage to her honored soldier dead yesterday by the proper celebration of Decoration Day. An excellent program had been prepared for the occasion and the exercises were held this time in Evergreen cemetery. Shortly after the noon hour the members of Pap Thomas Post, G. A. R., the members of the W. R. C., the Sons of Veterans and a large number of school children and others gathered at the post headquarters and a line of march was formed headed by the Elk band and they all went to the cemetery to hear the exercises.

The first number on the program was a short address by Ex-Mayor A. J. Halsted. The opening prayer was given by Rev. D. W. Lynch and this was followed by a song rendered by a class of young girls under the direction of Mrs. H. Thiviot. Hon. W. A. Fleming read Lincoln's Gettysburg address and President McKinley's address. Another song by the children and the oration of the day, full of good food for thought on patriotism and love of country, was given by Rev. Harry W. Knowles, of the First M. E. church. This was followed by the usual ceremonies of the G. A. R. and S. V. Taps were then sounded and the benediction was given by Rev. D. W. Lynch. The ceremonies throughout were the most appropriate ever held in the city.

WHERE THE TEACHERS GO

Teachers of the City Will Return to Homes

and Seek Summer's Rest in Pleasant Places

It may be of interest to know where the teachers of the city will spend their summer.

Prof. Hanft is still at his post conducting the state examination which continues throughout the week. It will consume another week to read and grade the papers, a task that requires care as the papers are all sent to the State University and re-read. After examinations and commencement are over Prof. Hanft will take in the lakes and probably live on his ranch during the summer.

Prof. Santee and Miss Mahlum are assisting in the examinations.

Miss Simmons has gone to her home in Hastings, Minn. Miss McGregor has gone to Minneapolis. Prof. Kirby will do work along commercial college lines in Illinois during the summer and in September begin his year's work in the Sparta, Ill., commercial school.

Miss Sayles is in the city and in a few days will leave for her home in Evansville, Wis., stopping a few days in Minneapolis to visit friends. Miss Burke will leave for Albert Lea Thursday noon to remain for the summer. Miss Carr is at the lakes and may remain in the north this summer instead of going to Nebraska. Miss Wyman is at home in Dundas, Minn. Miss Mathewson is in Minneapolis at present. Miss Linner is at home in Stillwater. Miss Thomas is visiting Miss Margaret Walker in Wauwatosa, Wis., for a few days after which she will go to Ypsilanti, Mich., where she will teach a few classes in the state normal college during the summer school there. Misses Lizzie and Margaret Somers are at home in Brainerd. Miss Moulton has gone home to Le Sueur, Minn. Miss Mary M. McCarthy is at home in Stillwater. Miss Bay is at home in Montevideo. Miss McShane is in Wisconsin. Miss Katherine McCarthy is at home in Faribault and will attend the Normal at Makato next year.

Miss Gallagher is in Wabasha and Miss Bower is at home in Minneapolis. Miss Florene G. Merritt is at home in Brainerd.

Miss Niehardt is at the lakes and in a few days will leave for Wayne, Neb., to teach in the normal school. Miss Thompson is in Plummer, Minn., and will not return next year.

Miss Aherne left for Charlesworth, Ill. Miss Horner will spend the summer in St. Cloud. Miss Lillig and Miss Millsbaugh are still in the city.

Miss Dahlgren left for her home in Anoka and Miss Skiles will spend the summer in Nebraska. Miss Mitchell is at home in this city.

Miss Barrett is visiting in Minneapolis and will spend the summer at Park Rapids. Misses Lowey, Early and Canan are at home in the city.

Miss Koons has left for Columbus, Ohio, and will later attend the National Ed.

Flames Kill a Child.

Duluth, May 31.—Agnes Blatte, the six-year-old daughter of Mr. and Mrs. John Blatte of West Duluth, died in great agony during the morning as a result of burns. While playing her clothing caught fire and in her terror she ran wildly about the street. Before she could be overtaken and the burning clothes stripped from her she was so badly burned that death resulted ten hours later.

UNTIL CZAR SPEAKS

MINISTER TAKAHIRA SAYS JAPAN MUST FIGHT INSTEAD OF TALKING OF PEACE.

RUSSIA WILL BE SLOW TO ACT

IDEA OF SUING FOR PEACE APPEARS DISTASTEFUL TO THE CZAR'S GOVERNMENT.

Washington, May 31.—"Until some word of peace comes out of Tsarskoe Selo, Nippon has but to fight on."

This epigrammatic remark of Mr. Takahira, the Japanese minister, made with the details of the victory of the Japanese fleet before him, accurately sets forth not only his opinion but, it is believed, that of the Washington and other neutral governments represented here regarding the effect of the battle upon Russia's policy. Whether Count Cassini, the Russian ambassador, will be the bearer of that fateful word when he sees the president during the day or on Thursday remains to be seen, but the ambassador in a conversation with a correspondent of the Associated Press Tuesday night was more emphatic than at any time since the war in the declaration that the war would go on indefinitely. While admitting that he would see the president in the next few days and have a long conference on the general situation, the ambassador strongly discouraged any hope of an early peace.

"Perhaps after Liaoyang there was a possibility of peace," said Count Cassini. "I will not say there was not an idea of peace at that time in certain quarters, but now, after this crushing defeat? Never! The Japanese talk of indemnity. Russia can better use this money in the building of another fleet. Certainly this is not the time when Russia can afford to take up the question of peace."

Discourages Washington Government.

It is this apparent determination of Russia to continue in the face of disastrous defeats on land and sea which discourages the Washington government at this time from taking any positive steps toward offering assistance to the belligerents in coming to an understanding. It is believed here, however, that when Russia through her own agents has learned the full extent of her losses she may be approached regarding peace with some hope that overtures will be welcomed. It is such an opportunity for which this government is watching.

Soon after the president returned from New York Secretary Taft called at the White House and was in conference with him for several hours. While the secretary was there dispatches arrived from the Japanese legation giving details of the battle which the president read with keen interest. The president and the secretary discussed a number of matters, but the outlook for peace occupied much of their time. It is realized that the crushing character of the Russian defeat gives to the president an opportunity with entire propriety to offer his services to the St. Petersburg government in establishing communication with Tokio, but until it can be learned that such an offer would probably be successful this government is not inclined to act.

Throughout the diplomatic corps the keenest interest is displayed in the news of the conference which Mr. Takahira, the Japanese minister, had with the president at the White House Monday evening.

Step in the Direction of Peace.

"That marks a step in the direction of peace," said a prominent diplomat, "and it is to be hoped that Russia will recognize as does the rest of Europe the disinterested earnestness with which the president wishes for an ending of the war. If Russia had taken the advice of the president after the battle of Liaoyang she would now be at peace with the world with the greater portion of her navy intact."

Regarding Monday night's conference at the White House it is possible now to state that it dealt first, with the details of the battle, and secondly, with the possible effect of this decisive Japanese victory upon Russia's previous determination to prolong the war indefinitely. No one realizes more clearly than the mikado that the czar must be convinced of the overwhelming character of the Russian defeat before he will consider peace and close as are the relations between Tokio and Washington, the Japanese government is not inclined through its minister to discuss even with the president definite peace terms until officially assured "in the czar's name that Russia is prepared seriously and in good faith to discuss peace with Japan."

Thus far the Washington government has not received the slightest official intimation that peace is under consideration at St. Petersburg, but a report on this point is expected very soon from Mr. Meyer, the American ambassador.

Tokio, May 31.—The captured battleship Orel arrived at the Mazurin navy yard at noon. The battleships Nikolai I and Admiral Seniavian and the coast defense ironclad Admiral Apraxine have reached Sasebo. It is reported that the Orel and Nikolai I are slightly damaged.

DETAILS MAY NEVER BE KNOWN.

Japanese Navy Department Gives Out No News of Battle.

Tokio, May 31.—The proverb that Admiral Togo always fights and seldom reports is proving true in the case of his greatest battle. From the briefest and most fragmentary reports coming to Tokio it is impossible to gain an approximate conception or picture of the desperate and decisive combat. The navy department, after announcing the bare results Monday lapsed into silence again. It meets inquiries with the statement that the department is not interested in the publication of news, but is concerned only in securing victory for Japan.

Probably the details of the fight will never be given to the world.

It will probably be days and weeks before the main facts of the battle and its strategy are made known.

Admiral Togo appears to have prepared and laid a trap which fitted Admiral Rojestvensky's action and that the Japanese maneuvered, outwitted, and outshot the Russians, fearlessly taking their lightest cruisers against the heavy Russian armor-clad battleships and joining battleships with armored cruisers, smothering them with gun fire.

Tremendous interest attaches to the use of submarine vessels. The navy department is silent on this point, but it is confidently believed that submarines were effectively used for the first time in history. Theoretically the sea was too rough for the employment of submarines Saturday, but the Japanese sailors welcome desperate chances. It is believed that torpedo boats and destroyers scored heavily Saturday night. The conditions on Sunday were most favorable. The night was calm and clear and land was visible for forty miles across the Tsu straits.

Hundreds of Russian refugees who landed on the Tsu islands and neighboring provinces are coming to Sasebo and Maipsu. Many of them are wounded and are otherwise suffering from the terrible ordeal of the long battle. Local branches of the Red Cross and government hospitals are sheltering and treating them. It is believed that the fighting ended Monday. A search of the sea is now in progress. The fate of Admiral Rojestvensky is still in doubt. The failure of tidings strengthens the belief that he has either reached Vladivostok or fled south.

Tokio is again jubilant. Hundreds of callers and deputations throng the navy department offering thanks and congratulations. The newspapers declare that Admiral Togo has gained a plane beside Nelson.

SHROUDED IN DOUBT

FATE OF ADMIRAL ROJESTVENSKY
SKY IS NOT YET CLEARLY
REVEALED.

London, May 31.—The Daily Mail's Tokio correspondent, cabling under date of May 30, says:

"When the Prince Souvaroff was sunk Admiral Rojestvensky was transferred to another vessel, but was captured off Fumi today. He is said to be severely wounded in the arm."

"Admirals Nebogatoff and Volker sam also are prisoners."

"All the ships of the Russian fleet have been either sunk or captured."

It now seems practically certain that Rojestvensky is a prisoner. The Daily Telegraph's Tokio correspondent says he has it on reliable authority that Rojestvensky was wounded in the arm and surrendered.

London, May 31.—The St. Petersburg correspondent of the Standard asserts that Mme. Rojestvensky, wife of the commander of the Russian fleet, has received a telegram from Vladivostok signed by her husband, saying that he had arrived there on board the cruised Almaz and that he was severely wounded in the neck, back and abdomen.

London, May 31.—A dispatch from St. Petersburg to Reuter's Telegram company repeats the information sent by the Associated Press that Admiral Rojestvensky arrived at Vladivostok on board the torpedo boat destroyer Buiny at 6 p. m., May 29. It adds that the admiral is seriously wounded in the head, back and chest.

And He Probably Does.

Tokio, May 31.—Admiral Togo has wired Admiral Yamamoto, minister of the navy, as follows: "The main force of the Russian Second and Third fleets is nearly annihilated. Please feel assured of it."

THE BOWEN-Loomis AFFAIR.

Secretary Taft Again Takes Evidence in the Matter.

Washington, May 31.—Secretary Taft during the day again considered the Bowen-Loomis matter and examined at some length Nicholas Biddle, a correspondent of the New York Herald, who visited Caracas some time ago. It was Mr. Biddle who published in the Herald what purported to be a note from Mr. Loomis to Mr. Russell, the secretary of legation, notifying him that he would buy a portion of the Mercador claim. Mr. Biddle explained the affair and showed that there was nothing wrong in the action of Mr. Loomis, who had merely loaned \$5,000 to an attorney of the American legation who made a greater loan to Mercador, pledging a portion of the Mercador claim to Mr. Loomis as security.

Tokio, May 31.—The captured battleship Orel arrived at the Mazurin navy yard at noon. The battleships Nikolai I and Admiral Seniavian and the coast defense ironclad Admiral Apraxine have reached Sasebo. It is reported that the Orel and Nikolai I are slightly damaged.

MORE MEN WILL QUIT

TEAMSTERS OF SASH AND DOOR FACTORIES IN CHICAGO TO JOIN STRIKERS.

ORGANIZATION IS DISRUPTED

BIG COAL FIRM BREAKS AWAY FROM RANKS OF TEAMOWNERS' ASSOCIATION.

Chicago, May 31.—Active hostilities in the teamsters' strike are promised for the day and the chief trouble is expected to come in the lumber district.

In addition to the lumber teamsters who are now out there will in all probability be a strike of all the men employed by thirty-five sash and door factories, as these concerns have announced that they will at once commence making deliveries to boycotted houses. Application has been made by them to the officers of the Employers' Teaming company for 225 drivers and they will be sent into the lumber district. The number of union men who are expected to strike by noon is about 200. This extension of the strike, it is feared, will cause more rioting in that part of the city. The police declare, however, that they are abundantly able to handle the situation.

A break in the ranks of the Teamowners' association occurred Tuesday. The members of this organization have throughout the strike acted more in favor of the teamsters than they have as allies of the employers' association and have for the greater part refused to make deliveries to boycotted houses. The Weaver Coal company, one of the largest concerns in the city, announced that commencing Wednesday it would make deliveries of coal to all strikebound houses. The firm employs fifty drivers and it is understood they will all walk out.

WILL WITHDRAW PROCEEDINGS.

Ousted Philadelphia Officials to Drop Legal Fight.

Philadelphia, May 31.—Attorneys for Peter E. Costello and David J. Smyth, who were removed from their official positions by Mayor Weaver during the gas lease fight last week, notified counsel for the mayor during the day that they would withdraw the injunction proceedings brought against Mr. Weaver and his new directors when the case comes up for argument in the morning in common pleas court.

The abandonment of the injunction proceedings is the result of Leader Durham's action of Monday, when he decided not to fight the confirmation of the mayor's appointments in select council.
